Letter from Memory Yearbook Chair

Our memory yearbook theme, Reminiscing Memories into New Millennium, reflects momentarily our grandest 25th anniversary reunion as we enter the 21st century. We know this fantastic yearbook will undoubtedly bring you wonderful fond memories found on the memory lane. It is also a great way to renew acquaintances with your classmates after some 25-30 years.

I want to acknowledge my great appreciation to the hard working yearbook committee who greatly deserve a round of applause with hands up for all their meticulous work to make the book the most memorable material at the reunion.

We could not possibly have done without our computer whiz, Patricia Gaither Beech, who laid out the pages extraordinarily on the Adobe PageMaker program besides my general tasks, scanning for one, and another wonderful assistant, Kea Larter Manfredonio, who typed all the personal facts from the fact sheets neatly and accurately as possible. I also want to express thanks to the rest of the committee members for their input and proofreading. In consequence, we are a team.
